C1: Delivery Sub-Group (DSG) Recommendations

DSG Date:	24/01/2022		
DSG Summary:	<p>JB summarised Change proposal and confirmed that we will start gathering requirements with customers imminently. PP commented that given the challenges we were given last year is there anything that can be included within this change relating to Shipper activity. JB confirmed these would be specific to Supplier. This would be more supportive to the Supplier under CSS arrangements. Jack Wilde (JW) asked whether there was a planned implementation date for the change? JB added the target is June/July to align with CSS implementation.</p>
